

# FUNDRAISER FELINA'S ORGANIC FAMILY FARM

## Trio Village, Belize

Felina's is an organic family farm located close to Trio Village in Belize, Central America. The farm is named after the jaguar that occasionally visits.

Maria Z. was named Belize Woman Farmer of the Year in 2017. She reported that a severe storm destroyed two green houses, called screen-houses in Belize. Tree limbs crashed into the screen-houses and halted food production.

The screen-houses need to be rebuilt in order of resume production of sweet peppers and other vegetables.

The fundraising goal of \$500 will enable Maria and family to purchase building materials and transportation.

TNAFA will provide incentive gifts for donations over \$25 for roasted corn meal (1lb) or Anasazi beans.
